

CONTROL DUO™ is a very effective, easy-to-use, multi-functional adjuvant that provides superior drift mitigation and enhanced pesticide uptake. **CONTROL DUO™** mitigates drift by increasing deposition and retention while significantly lowering evaporation. The premium surfactant system in **CONTROL DUO™** improves penetration of pesticides, nutritionals, and biologicals. **CONTROL DUO™** mixes well with water, pours easily, and enhances the compatibility of pesticides and other products used in spray applications. **CONTROL DUO™** is compatible with all forms of glyphosate.

CONTROL DUO™ contains the research and field proven **CONTROL™** polymer blend and a unique highly effective surfactant system that does not increase the production of small driftable fine droplets as many surfactants do.

CONTROL DUO™ is very effective when applied by ground or air.

May be used in aquatic applications at labeled rates.

Recommended rates are:

- Ground: 0.5 to 2 qt/100 gal or 2 to 6 oz/A
- Air: 1 to 4 qt/100 gal

Always agitate when adding any product to the spray tank. Add pesticides and fertilizers as directed by their label or in the following sequence if not specified:

1. Compatibility agent, AMS, water conditioner, and antifoam
2. Dry flowables and water dispersible granules
3. Wettable powders
4. Flowables
5. Water-based solutions
6. Emulsifiable concentrates
7. Spray adjuvants

CONTROL DUO™

PREMIUM DRIFT MITIGATION, DEPOSITION, AND SURFACTANT SYSTEM

INGREDIENTS:

Nonionic Surfactant, Proprietary Polymer Blend and Formulation Aids 100%

All ingredients are exempt from tolerance requirements under 40 CFR 180.1001

KEEP OUT OF REACH OF CHILDREN

GARRCO PRODUCTS, INC.

Always use best spray management practices and follow pesticide label directions. **CONTROL DUO™** by itself will not totally eliminate the potential for spray drift.

**WARNING: Harmful if swallowed.
Causes eye irritation.**

PRECAUTIONARY STATEMENTS:

Do not eat, drink or smoke when using this product. **If swallowed:** Call a POISON CENTER or doctor/physician if you feel unwell. **If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do - continue rinsing.

FIRST AID: Eye contact: Check for and remove contact lenses. Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention immediately. **Ingestion:** Wash out mouth with water. Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get medical attention immediately.

STORAGE AND DISPOSAL

Store above 32° F and prevent freezing. Do not reuse empty container. Dispose of container in accordance with federal, state, or local regulations.

Read Safety Data Sheet before using this product.
