

# CONTROL WM™

## DRIFT MITIGATION AND DEPOSITION ADJUVANT

### INGREDIENTS:

Polyvinyl polymer (polyacrylamide, non-reactive) . . . . .	37%
Formulation aids and inerts . . . . .	63%
TOTAL	100%

All ingredients are exempt from tolerance requirements under 40 CFR 180.1001

### GENERAL INFORMATION

**CONTROL WM™** spray drift mitigation and deposition aid is a very effective, easy-to-use adjuvant for improving on-target spray deposition, retention and lowering evaporation. **CONTROL WM™** reduces drift and improves efficacy at very low rates when applied by ground or air. **CONTROL WM™** is compatible with all pesticides including Monsanto glyphosate formulations with and without ammonium sulfate.

**KEEP OUT OF REACH OF CHILDREN**

### USE DIRECTIONS

- Factors that influence the optimum rate of **CONTROL WM™** include spray mixture components, pressure, nozzle selection, application method, speed, pressure, nozzle type, and proximity to sensitive non-target areas. Use the higher recommended rates when applying at high application speeds and when mixing with chemicals that reduce spray droplet size.
- If more drift reduction is needed, increase the rate of **Control WM™** in 1 oz/100 gal increments until the desired effect is obtained. Reduce the rate if the spray pattern is distorted.
- May use in aquatic applications at labeled rates.

Use Rate Guidelines	
Application	Rate oz/100 gal
<b>Ground</b> Depending on nozzle, setup, and spray mixture Dicamba and 2,4-D mixtures	1 to 8 5 or higher
<b>Airplane</b> Depending on nozzle, setup, and spray mixture	1 to 8
<b>Helicopter</b> Depending on nozzle, setup, and spray mixture	1 to 4

### PRECAUTIONS

Always use best spray management practices and follow pesticide label directions. **CONTROL WM™** by itself will not totally eliminate the potential for spray drift. Wear appropriate protection to avoid eye and skin contact.

### STORAGE AND DISPOSAL

Store above 32°F and prevent freezing. Do not reuse empty container. Dispose of container in accordance with federal, state, or local regulations.

Seller makes no warranty of fitness or merchantability. Buyer agrees that seller's maximum liability shall not exceed the purchase price of this product.

**WARNING:**  
Harmful if swallowed. Causes eye irritation.

### PRECAUTIONARY STATEMENTS:

Do not eat, drink or smoke when using this product. **If swallowed:** Call a POISON CENTER or doctor/physician if you feel unwell. **If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do - continue rinsing.

### FIRST AID:

**Eye contact:** Check for and remove contact lenses. Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention immediately. **Ingestion:** Wash out mouth with water. Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get medical attention immediately.

Read Safety Data Sheet before using this product.
