

# STIMULATE™

## Biological Plant Growth Stimulant

### GENERAL INFORMATION

**STIMULATE™** crop and turf biostimulant is a highly concentrated, diverse microbial formulation with dozens of naturally occurring strains of beneficial microorganisms selected to make unavailable nutrients in soil available to the crop throughout the growing season and to produce non-symbiotic N, plant hormones, vitamins and other substances that increase plant growth and root mass. **STIMULATE™** improves crop health.

### INGREDIENTS

Highly concentrated liquid formulation manufactured at 10<sup>9</sup> strength with dozens of naturally occurring strains of beneficial microbes designed to enhance plant and root growth.

### DIRECTIONS

Use 8 to 16 oz/A in-furrow or 2x2 band, 16 to 32 oz/A as a broadcast spray, or 1 to 8 oz/100 wt as seed treatment depending on seed size. **STIMULATE™** is compatible with most fertilizers and pesticides.

### STORAGE

For optimum performance, store product under cool conditions. Avoid high heat or freezing.

### SAFETY INSTRUCTIONS

**STIMULATE™** contains only naturally occurring, non-genetically modified and non-pathogenic microorganisms. It is generally non-corrosive and non-toxic to plants and animals. Product meets local, state and federal health and transportation requirements. Keep out of reach of children.
